TSLA monthly chart showing the rocket scooter tool called "liquidity map" which can help you make informed trading decisions

Rocket Scooter offers a live trading stream every weekday, an expansive training video library, personal coaching sessions, and a private Discord community of 3000+ traders to support your trading education.

SPY daily chart showing Rocket Scooter tools such as Resilience, DD ratio, Hedge Pressure (HP), Half-Gap (HG), Bull and Bear Zones, and the Redistribution zone

Rocket Scooter has revolutionized technical analysis by exposing the active positions of smart money. Their charts identify where the highest volume is expected to be in a session, exposing pivot points so retail traders have the confidence to capitalize on their own decision making.

Rocket Scooter gives users the ability to plan their trades around risk, probability and liquidity.
